SUPPLEMENTARY INFORMATION: Section 3506 of the Paperwork Reduction Act of 1995 (44 U.S.C. Chapter 35) requires that the Office of Management and Budget (OMB) provide interested Federal agencies and the public an early opportunity to comment on information collection requests. OMB may amend or waive the requirement for public consultation to the extent that public participation in the approval process would defeat the purpose of the information collection, violate State or Federal law, or substantially interfere with any agency's ability to perform its statutory obligations. The IC Clearance Official, Regulatory Information Management Services, Office of Management, publishes that notice containing proposed information collection requests prior to submission of these requests to OMB. Each proposed information collection, grouped by office, contains the following: (1) Type of review requested, e.g. new, revision, extension, existing or reinstatement; (2) Title; (3) Summary of the collection; (4) Description of the need for, and proposed use of, the information; (5) Respondents and frequency of collection; and (6) Reporting and/or Recordkeeping burden. OMB invites public comment.

Title: Annual Mandatory Collection of Elementary and Secondary Education Data for EDFacts

Frequency: Annually; Biennially

Affected Public:

State, Local, or Tribal Gov't, SEAs or LEAs

Reporting and Recordkeeping Hour Burden:

Responses: 7,059

Burden Hours: 1,113,034

Abstract: EDFacts is in the implementation phase of a multiple year effort to consolidate the collection of education information about States, Districts, and Schools in a way that improves data quality and reduces paperwork burden for all of the national education partners. To minimize the burden on the data providers, EDEN seeks the transfer of the proposed data as soon as it has been processed for State, District, and School use. These data will then be stored in EDFacts and accessed by federal education program managers and analysts as needed to make program management decisions. This process will eliminate redundant data collections while providing for the timeliness of data submission and use. The modification of this collection is to directly address the Civil Rights Data Collection from local education agencies (LEAs), which is part of the larger annual submission of elementary and secondary education data under EDFacts. The current expiration data and all of the currently approved data requirements of the state submitted data are not changing at this time.
